The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets:

Continue to develop your journalistic skills by writing as much as you can, as this will also help improve your literacy skills.

Students are currently developing their print-based media production skills and journalist techniques, by creating a magazine spread using Adobe InDesign software and a print-based media advertisement using Adobe Photoshop software. For this unit students had to research on the print-based media industry, print-based media products and participate in a traditional hand print-based media production workshop. The final task was to create a magazine article to go with the genre of the magazine covers they created last year and a print-based media advertisement to target a specific audience. This was to be presented in the form of a magazine spread with front cover

and print advertisement.

Akhona's attendance and punctuality is excellent. She works extremely hard and produces work to a very high standard. Her research sketchbook is very detailed and her magazine article is superb. Akhona works professionally and should be able to achieve distinction grades for both these units.

Akhona is a self motivated and hard working individual. She is 100% committed in her studies and this is clearly reflected in the standard of work she produces. She is always willing to help others and she always meets interim and final deadlines. Akhona now needs to ensure that she proof reads all work before submitting to deadlines.
