The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments:

Berkay continues to work well in class. He is currently working at PASS level with a good deal of assignments at MERIT. I feel that when the workload he has dies down he should start aiming to get his work for all assignments up to Merit level to reflect his excellent ability.

Review Term: Autumn

Review: Berkay has made a strong start to the course and I am very pleased with his progress so far. His work has shown he is capable of acheiving a high grade. Among his strengths are his work ethic in practical sports and his sound knowledge of scientific theory. He is always keen to help other members of the group and is well liked in the class. He now needs to ensure that his punctuality and attendace remains high for the remainder of the year.
