The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review: I do not know what to say Chris apart from I am very disappointed.sad

Issues Raised: Your attendance and punctuality are very very poor and because of this your work at college is suffering. I do hope you are planning to attend college in the new year. With your attendance and hard work and my assistance I am sure we can turn this around.
