The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Nancy is currently working towards Entry 3 Functional Skills, her progress to date is ok. This term we have have been working on Word Processing, some of the tools covered in WP are: inserting and wrapping pictures, formatting paragraphs, align text, page orientation, margins, Wordart and Borderart, etc. Nancy has used most of these tools to carry out her work, however as she joined the course late she has not been able to practice these tools thoroughly and finds some of them a bit difficult to follow. Nancy needs to pair up with other group members and share information to enhance learning, her attitude and committment towards learning is good, however her attendance needs to improve. Progress ok, take notes and keep on using these to develop skills and knowledge of using the computer.

Nancy has learned some elements about the Hair and Beauty Sector which involve learning about Career opportunities, Hairdressing services, Beauty treatments offered, job roles in the industry, career patterns within the industry and Career development. In the Duration of lessons that Nancy has attended i felt that Nancy is very reserved and needs to build her confidence and contributed more to class discussion I would like to encourage Nancy to continue attend all lessons to fully benefit her learning journey on this coarse. Also to read her text book and handout to help her be more inform of required knowledge. Renita Christophe.

Review Term: Autumn

Review:

Your attendance is not very good due to personal reasons, please try to book appointments out of college time so that is does not interrupt with your chosen area of study.

However your hairdressing skills are good and you must continue to practice

If you keep up with the tasks set by your tutors you will find it very easy to complete tasks failing that you will struggle, we will offer you mentoring support that will motivate you and keep you on track. Please feel free to speak to Sara in your group for a testimony

Issues Raised:

you will need to catch up with your work skills work. please take time out, speak to juliett to discuss the areas that you have missing.

I would encourage you to ask family and friends to book in for you as a client in block 3 as yiu will need them for assessments, take a price list!
