- 91% to 87% is amber status
- 86% and below is red status

#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets: Unit 22 assignment, Maths

Audrius did not submit his assignment for unit 22. It was due on 18/10/2011. His poor punctuality (71%) had an impact on his performance and his ability to complete and submit his work. He was doing well when he was present in the classroom and participated in the class activity. His attendance for the Maths lesson is 40% only. It would be difficult to assess his ability for level 1 maths as he missed most of the lesson for maths class. Aurius peeds to

maths as he missed most of the lesson for maths class. Aurius needs to improve his attendance and punctuality and use his full potential in order to

complete this course with a good grade.
