- 91% to 87% is amber status
- 86% and below is red status

## The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

## Comments / Reference / Targets

Review Term: Autumn/

Review: Ellen has missed about 50% of the lessons, which is down to health issues and going on holiday. Although Ellen has shown in the past that she can catch up on the work, she misses the imput of the classes, and some work can only be created in class, this will have an effect on her grades. I feel that the work will build up to such an extent that she will find it difficult to complete. We need to make some sort of a plan to support her in this

Review Term: /Spring/

Review: Although Ellen still has issues with child care and hospital appointments, her work is up to date and she is progressing well, she should finnish with a merit or Dist.
