The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments / Reference / Targets

Kerry is to bring in a client as often as she can to complete practicals

Kerry will need to practice some aspects of her hairdressing at home (i.e)

plaiting to be more capable.

Kerry will be sitting her G3 exam middle of march so will need to revise for

this.

kerry is working well and is on track so far in exams and practical sessions.

kerry is focusing on bringing in clients to try to cover some of her assessments and is focused on completing. Kerry has improved her attendance this term and is currently at 86% and getting better. Her exam

results are at 74% completion

I have found kerry is more confident now than she has been previously and

this has helped her in her practical intergration with clients, however she is still

a little shy and will need to be more confident when in the salon.

Kerry is maintaining a good attendance record this term she is at 87% at

present so well done Kerry.
