- 91% to 87% is amber status
- 86% and below is red status

The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments / Reference / Targets

This term has been taken up by practicing practical projects in preparation for doing the Synoptic test. These have included Preparation of a range of surfaces, wallpapering with a range of materials in a range of situations and painting with oil and water based materials. Work has also started on small panels for the production of specialist finishes.

In theory sessions Wallpapering has been covered in depth and Steven has taken the end on assessment and passed it with above 65%. Other subject material covered includes Health and Safety painting science, preparation and paint application. These areas have not been assessed yet.

Other subject material covered includes Health and Safety painting science, preparation and paint application. These areas have not been assessed yet James Craig. Review Term: Summer Review: Progress Issues Raised: General. Steven has now completed all of the End on assessments and passed his GOLA exam with a Merit. He still has to do 2 tasks for his synoptic test. Artexing and Border stenciling. He also has to complete 2 units in his portfolio

Review:

Diploma Level 2 has been completed and Portfolio Internally Verified. Still waiting for the External Verifiers visit to make ever thing official. Multiple choice exam has been taken and passed with a Merrit. Functional skills for English and Maths have also been passed. Good eveidence has been collected.

Issues Raised:

Need to organise site visits to see work practice in operation. One for each unit will suffice, dates have been offered and just need to be finalised. Site visits by Jane Gunn would indicate that have been no problems with the placement and that the Employer has been very supportive and that there are no other issues.
