- 91% to 87% is amber status
- 86% and below is red status

#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review Term: Autumn

Review:

Ozcan is a reserved member of the group who displays a quiet interest in the subject and participates in practical work with enthusiasm. He is showing good progress within the practical sessions. I would like him to focus more on the parts he struggles with before he completes his tasks. Ozcan is more than able to complete this course and feel confident that he will. Overall I am pleased with his progress.

Review Term: Autumn/

Review: Oz you are working very well in the practical lessons aswell in theory, my only concern is your attendance you seem to be having to much time off and this will certainly effect your progress and will find it a struggle to complete your work. You must improve this in the new year. We need to work together to improve this if there are any issues you may need to talk to me about please do not hesitate to ask. Steve
