The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review Term: Autumn

Review: personal tutor

Issues Raised: none

This term students have been studying Health by giving personal information about themselves, making an appointment with the doctor and dentist, asking for medicines at the chemist's reading and writing information at the doctor's, learning words for parts of the body, writing appointments in a diary and reading instructions on medicines.

Li is good at reading and also his writing. His presentation is always excellent and he is very confident when it comes to spelling. I do however feel that Li relys a bit too much on his electronic dictionary and this sometimes shifts the focus away from what he should be doing.

Li needs some help with his speaking skills he needs to practise more outside of the class this will enable him to grow in confidence and will also enable him to have a wider range of vocabulary.

Review Term: Spring

Review: ESOL 16.18

Issues Raised: none

This term students have been working on the topic of the home. They have been describing where they live, asking for and giving information about homes, talking about their possessions, making phone calls about household problems, reading about homes, getting information from advertisements and directories, filling in a simple form, writing about homes and putting words in alphabetical order.

Li is a very bright and intelligent student with a lot of potential in class he works well with all students. He listens well during class discussions and is able to give his opinion on topics. Li has very good writing skills and he is able to write clearly and on the line. He also uses his electronic dictionary where appropriate to complete tasks. Li has some pronunciation issues and sometimes finds it difficult to express himself in class. He can improve his spoken English by speaking more in class and also watching English TV and listening to the radio in English. Li will listen to two downloaded songs and make a note of the lyrics of the song to help him with his pronunciation.
