- 86% and below is red status

The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets:

Reha needs to attend all lessons and arrive on time as well as pay more attention to the quality of her written work (check all spelling) in order to do well on the course. All work must also be submitted by the deadlines set by the teachers.

This term the students have been analysing TV advertisements in great details in order to produce and edit their own advert in the second half of Term 1. The students also had to pitch their idea to their teacher and peers. Reha is a pleasant learner who follows all instructions from her teachers and who gets on well with the rest of the group. The quality of her work is good but her attention to details and the quality of her work need to improve in order to achieve the best grades. Reha is capable to achieve well on the course but

her level of motivation and enthusiasm are not as high as they could be.

Improve attendance and punctuality.

Complete work by the deadline.

Smart Targets:

Use Ezone to support you with missed work.

Develop confidence by talking out more in class during class discussions.

The Level 3 Creative and Media Diploma is designed to provide learners with a wide variety of practical and theoretical skills in the Film and Video Production Industries, Print-Based Media Industries and Interactive Media Industries, whilst enhance learners with theoretical knowledge relating to job roles and career paths in the creative media industries.

Comments:

Reha's attendance and punctuality is very poor and way below the college average. In Reha's Print-Based Media sessions she had to research what the magazine industries are about and how they research into target audiences for their products. Reha then had to produce her own research and make a magazine cover based on this. Reha has not submitted any work and continues to miss deadlines, when Reha is in she does the bare minimum and therefore it is difficult to judge whether Reha will pass on this course. From meeting Reha it is very clear that she is a bright individual with a lot of potential. The next stage is for Reha and me to sit together and set realistic targets and a homework timetable to ensure she can pass the course.
