#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Asha, can produce some good work, particularly showing me he can remember things and recall well from past lessons. Asha needs to look at his attitude to not joining in with others in the class who are being disruptive, which at times keep him from concentrating.

The group has worked on sentences, punctuation and grammar. We have looked at complete sentences, capital letters, end of sentence punctuations, commas, apostrophes and quotation marks. In grammar we have looked at verbs, nouns, subject and predicate. We have covered subject and verb agreement. We have learned how to log onto keyskills4u.com and created an account. He has worked well on his own and within the group to produce some good work. He can sometimes be distracted so needs to keep focused to keep improving.

Students are making a range of projects to enable them to attain the basic use of tools, measurements and understanding of drawings.

Asha has made progress but can be disruptive in the workshop. He can and has worked very well, but allows his behavior to interfear with his work. if his behaviour improves and he pays attention, Asha can and should do well.

Review Term: Autumn

Review:

The E2E programme is designed to provide service users with the opportunity to experience the widest ranges of skills in Construction as well as helping them to build up their English communications skills.

In Tutorials we have covered the importance of setting and adhering to the learners' own rules as well as college rules, respect for each other, for staff and one another's work within the framework of anti-bullying policy, along with other E.L.M. themes.

Asha you seem to be enjoying the course although you find aspects of it less challenging such as Literacy and Numeracy. You do not have formal qualifications in these, hence you need to confirm your skills in order to take the tests ahead of schedule.

You are doing well in terms of application to your studies. Your attendance to some classes has been raised as an issue (although in tutorials it is rated as 'very good'.

Issues Raised: Asha, you must improve your overall attendance and punctuality to classes which is classified as 'weak' in both instances.-Work to ensure an improved attendance and punctuality record over the next three weeks to Christmas to all classes.

Carl Kastrup.

Review Term: Autumn/Spring/Summer

Review: Asha is really happy the way things are going on the course and is progressing well. Asha is going to get a copy of Trevor Lynsey's basic electrics so he can revise.

Issues Raised: None

Derek Munro.

Review Term: Autumn/Spring/Summer

Review: Asha's progress in practical is very good, you have worked really hard, keep it up. Asha is still to get himself a revision book to revise from.

Issues Raised: None

Derek Munro.

Review Term: Autumn/Spring/Summer

Review: Well done Asha for scoring 93% on you end of block assessment. You need to keep up the hard work and focus all the time in class. In practical we hope to have you take the assessment early and you will need to work hard in the work shop to prepare.

Issues Raised:

Review Term: Autumn/Spring/Summer

Review: Asha will now refocus on his studies so he can achieve his exams. Good scores in his mocks may have made him complacent and now he knows what he has to do.

Issues Raised: None

Derek Munro.

Review Term: Spring

Review: Asha is not performing upto standard and has given every lecturer great cause for concern. He needs to concentrate in class and get on with his own learning.
