The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review:

Patrick is working well in the practical sessions but get distracted by talking with the other footballers in the group about their football training. He needs to start concentrating more on his practical training to fully develop his bricklaying skills. Too much talking will slow Patricks bricklaying development.

During his functional skills lessons he is working and participates well but his progress would improve more if he concentrated on his own work and did not constantly worry about others in the group and their work.

John Nosworthy.
