The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Industries

Improve attendance to not fall behind with work.

Smart Targets: Speak out more in class and get involve in group work tasks to improve confidence.

The Level 3 Creative and Media Diploma is designed to provide learners with a wide variety of practical and theoretical skills in the Film and Video Production Industries, Print-Based Media Industries and Interactive Media Industries, whilst enhance learners with theoretical knowledge relating to job roles and career paths in the creative media industries.

Charlotte's attendance is very poor but recently has improved and fortunately she did manage to complete work by the deadlines. However, Charlotte should be achieving distinction grades as this is what she is capable of, but can only achieve this if she improves her attendance. In Charlotte's Print-Based Media sessions she had to research what the magazine industries are about and how they research into target audiences for their products. Charlotte then had to produce her own research and make a magazine cover based on this. Charlotte has done well in this unit and her sketchbook is very well presented and demonstrates good knowledge of the print-based media industries. Charlotte's magazine cover was good but could be better as it didn't properly reflect the codes and conventions of professional magazine covers. Charlotte needs to improve her Adobe Photoshop skills by getting as much practice as she can where possible in class. Charlotte should look at online tutorial that demonstrate simple Photoshop skills and techniques and there are many available on You-Tube. Nonetheless, Charlotte is working very well for this first term and will continue to improve as time goes on. Well done.

Smart Targets:

This term the students have been analysing TV advertisements in great details in order to produce and edit their own advert in the second half of Term 1. The students also had to pitch their idea to their teacher and peers. Charlotte is a very pleasant and motivated learner who has a positive influence on the rest of the group. The quality of her written work is very good

to excellent. Charlotte needs to demonstrate a little more dynamism and

enthusiasm in her creative work and group work.
