The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments:

We have been doing work involving place value, multiplying, dividing, subtracting and dividing. We have also looked at calculations to do with time in various formats. You have shown an understanding of when to use the different calculation methods. You need to attend all lessons in order to achieve success on this course.

behind with your work http://keyskillstrainer.ed time, money, decimals abilities you just need targets. I have set you	se of your low attendance (yes I know you had a broken arm) you are now. In order to catch up you need log in to your keyskills4u.com account at excellencegateway.org.uk/login.html and look at calculations to do with a fractions and averages. The work we are doing is not beyond your to be in the classroom and be focused. You also need to complete your a new target. I would suggest that for the New Year you make a l of your classes with the correct equipment i.e. pen, pencil, paper ruler
