The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review Term: Autumn

Review:

You appear to be enjoying the course and work well within the group. You have successfully completed most of the on-line exams with high pass grades, you have cold and hot water exams to resit, these will be covered during revision sessions, you are also producing very good practical work with excellent attendance for both practical and theory classes. keep up the good work. your next subject in theory will be " Electrical"

Issues Raised: none
