The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

The group has worked on sentences, punctuation and grammar. We have looked at complete sentences, capital letters, end of sentence punctuations, commas, apostrophes and quotation marks. In grammar we have looked at verbs, nouns, subject and predicate. We have covered subject and verb agreement. We have learned how to log onto keyskills4u.com and created an account. Alex is quite capable but need to take his lessons seriously if he is to stay on target.

Mark Furneaux.

Review Term: Autumn/Spring/Summer

Review: Alex has done well since he was put on a behaviour contract. His Attendance & Punctuality has improved and is above college targets. His practical work is improving and you have met most of your targets. My only concern is that Alex gets very tired in theory sessions! Your target is to make sure you have eaten and drank before you come into theory lessons, i will try to make sessions interesting and interactive as possible.
