The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments / Reference / Targets Review Term: Autumn/Spring/Summer Review: Autumn Issues Raised: Time keeping Liam time keeping is the key for you to do well this year also you can allow your self to get drawn into chatting mode this is slowing you down so this is the key area for you to work on apart from this you are doing well and will pass well done. Roger Green. Review Term: Autumn/Spring/Summer Review: Issues Raised: Roger Green. Review Term: Autumn Review: Liam, you are working well in your functional skills lessons but you need to concentrate more and stop spending too much of your time chatting and messing about when there is still work to do. We need to work together to get you to a standard to be able to pass your functional skills maths exams in May 2012 which, if you can reduce the amount of time chatting and messing about is a very achievable target Issues Raised: John Nosworthy. Review Term: Spring Review: Liam your work and progression upto this point has been good and you are a pleasure to teach in both workshops and classrooms. Keep up this work ethic and progression onto next years course should be an easy one. Well done.. Issues Raised: John Nosworthy.
