Ammo has been excellen this term and is a great member of the team and an excellent students rep. His only downfall is that he must not be so chatty in class! He is a solid member of the group and I appreciate his social skills, however sometimes this can interrupt learning! Please try and address this when in class.

Comments:

The level 1 Creative Media course is designed to equip learners with a variety of skills in video production, music technology and graphic design, whilst encourage learners to develop their understanding of creative media job roles and media knowledge. In addition to this, learners are to attend functional skills classes to improve upon basic numeracy, literacy and ICT.

So far learners have completed an induction activity whereby they learnt about the creative media sectors and job roles. Learners are currently working in small group to film a trailer for a specific genre and to target a specific audience.

Amo's attendance is excellent, but his punctuality needs improving. Amo is a very creative, intelligent and enthusiastic student. His written work is always completed on time and to a good standard. In practical tasks Amo excels and develops new skills quickly. Amo is outgoing and a great speaker and would make a fantastic director due to his strong leadership skills.

For Functional Skills ICT Amo is fantastic, he picks up new skills very quickly and generally knows how to use IT equipment and will pass his exam.
