The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Keep taking notes which you are very good at. You will need these so much

to help you with the Unit 103 on-line exam which i am entering your group to

sit just before the Christmas break.

Though you had a poor start to the course with attendance and punctuality

due to problems with the Home Office you now are a regular attender. You

are getting stuck in with your theory and your practical. Well done and keep

up the good work.
