#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

#### **Comments / Reference / Targets**

Marcus, is a good contributor to the group with some valuable points, which demonstrates his experience.

The focus has been on Health & Safety, Risk Assessment and Symbols for Drawings, Electrical installation components in general relationship to the Drawing Symbols.

Marcus is preparing for his end of block assessment, which with the hard work he has already put into this course, should succeed with some handsome marks.

Well done Marcus.

Jane Skinner.
