The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Ruben it is time to get ready for the electrical lighting wiring assessment which I think you will have no problem with. Do keep up the quality and always measure twice and mark your work once. Tony Antoniou.

Keep taking your notes which you will need so much to help you with the Unit

103 on-line exam which i am entering your group to sit just before the

christmas break.

You seem to have settled well into the group. You are getting on well with theory. You are getting on very well with your practical work. You are doing very well with your attendance and punctuality, just need a slight improvement

with your theory attendance. Well done, keep up the good work.
