As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review Term: Autumn

Review:

Michael is an extremely able and enthusiastic member of the group who takes a keen interest in Carpentry & Joinery, and appears to enjoy all aspects of the work. He is steadily developing a good general carpentry knowledge and is always willing to share his ideas with the rest of the class during discussion. He has developed good practical skills over the past year and is now working with confidence and can produce good work with little help, I have great confidence that he will progress with ease. Overall I am pleased with his progress. Well Done!!
