The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments:

You are at the final stages of your chosen course in hairdressing, at this stage you only have a minimal number of outcomes to be achieved. As the New Year has approached us your academic year will end before you know it, so I strongly advise you to think SMART by

Sending out broadcasts tweets to your family and extended friends to be models for you or your pears to gain assessments

Approach people on your everyday travels with your specific needs

Enquire at the style zone for additional sessions for maximum assessment opportunity

Book your reception duties ASAP so the unit can be signed off

Use city and guilds revision tasks when preparing for exams in order for maximum results

Arising

If you are considering in progressing onto level 3 hairdressing or any other course in the college you are required to adhere to the colleges minimum target grade of 87% attendance, so my advice to you is to attend every session if you would like to see yourself enrolled on a course in September 2012!

Halil needs to attend regularly to classes to prevent falling behind in both theory and practical lessons, we have agreed in the tutorial classes on the areas needing to improve.

Skills in the practical lessons are improving but needs to catch up on the units GH8 for when we start clients in the practical sessions as this will help his skills, confidence and will allow him to be ready for the coming assessments.

Halil will need to start revising on unit GH8 in preparation for coming exams.

Halil shows a lot of interest in this course, has good plans for the future for Barbering and i believe he can do this as he stays focus.

Halil is a lovely person and a joy to teach

Review Term: Autumn/Spring/Summer Review: These feedback giving in these reports are to help you in your progression in the course and for your future employment, stay focus hand in homework on time, attendance and punctuality should be good and keep up with the good work, to revise on GH8 G8 for coming exams. Issues Raised: Needs to stay focus, attendance and punctuality Najate Akita. Review Term: Autumn/Spring/Summer Review: He had started very enthusiastic and gladly it has continued. Attendance is not good and timing is the same but improving! I had to have words regarding uniform and him indirectly refusing to wear it, to the effect of him being sent home and being marked absent. This happened twice and a third for swearing in the class. I believe this has taken a turn for the better and the respect is there now which is progress! As for his work. Currently he working on H7 he is finding the cutting of uniform layer cut challenging as all the students are but he is getting on with it in class keeps himself to himself likes to put his headphones whilst working on blocks. He is slowly grasping the uniform layer cut but needs to practice also in his own time to get the idea behind

the cut! I have spoken to him that homework is an essential part of the course; of which his behaviour has now improve along with attitude towards the task given even volunteering to help on group/ class activities. Overall he getting better seem more enthusiastic but lacks concentration and listening skills. He does ask questions just not enough of them but I think my end of class talks is helping his attitude towards others and

the course in general. Really needs ton develop listening and attendance!
