- 86% and below is red status

The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments / Reference / Targets

Use BKSB resources to review ordering and comparing common fractions, **Smart Targets:**

mixed numbers as well as working out the equivalencies between fractions,

percentages and decimals.

Comments:

Thompson is able to analyse simple word problems and can confidently calculate with all four mathematical operations. He needs to build up more self confidence in order to discuss and present information within groups as well as to the whole class. He is aware that hisattendance must improve in order for him to excel in this subject.
