The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments:

Well done for achieving the 201 and 205. You are making steady progress in theory, just work a little harder in practical.

Review Term: Autumn/Spring/Summer

Review: Shivraj I see you wasting a lot of time in practical just socialising and avoiding work, this has got to change and you need to put in a lot more effort. You have been asked to attend extra workshop sessions but so far you have not been able to. You are a capable student who needs to motivate himself.

Issues Raised: Not attending extra workshop sessions

Derek Munro.
