#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments:

This block students have been working towards improving their writing for the reading and writing exams which will take place soon. During this time they have worked in groups and on their own in order to improve spelling, grammar and punctuation. In class students have practiced timed tests and have worked towards their weak areas for homework and in class.

Abdi is very good at reading he sometimes reads in front of the whole class during classroom activities. This enables him to become confident and organised. He is able to write clearly but at times he needs to write a bit faster so that he doesnt fall behind the rest of the class.

He needs some extra help with speaking by speaking to students in the class in English and also by communicating with others outside college in English. He is able to listen to people with a wide range of accents and is able to understand them clearly. This will further be developed next term so that Abdi has more practice with this.

Review Term: Autumn

Review: Abdi has been working well this term. He is a confident speaker although sometimes he needs to focus more on the task at hand. If he does this, he should have no difficulty in passing the Speaking and Listening exam.

Issues Raised: Abdi's attendance is not as good as it should be. This needs to improve.
