The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets: Enterprise goal: to clear up after every lesson.

Rahul has worked hard on the enterprise by looking after materials setting them out and putting them away. He has been a hard worker and always taken on the jobs offered him. In literacy he has, with support, made some slides with words and pictures about things that interst him. He will develop this for his certificate. As he is a practical young man and a good worker, it

would benefit him to know more social signs.

Spring term

The learners have been working towards completing their unit: - Out and About E1. The unit consists of going out into the community and observing what facilities are in our community.

The learners have visited two local post offices, West Green Road and Broad Lane. The learners have also visited a bank and the Walthamstow market. Each visit has photographic evidence. The learner go out alternate weeks, the week they don't go out they do feedback of their visit in class.

Comments:

Rahul

Is able practically to do tasks in the classroom, but tends to hold himself back. He complains of backaches and headaches, or if asked a question or his opinion he keeps quiet.

Rahul enjoys going out in the community and socializing with his peers.

Well done Rahul, try and say how you feel.

Barbara McNairn.
