As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

You are at the final stages of your chosen course in hairdressing, at this stage you only have a minimal number of outcomes to be achieved. As the New Year has approached us your academic year will end before you know it, so I strongly advise you to think SMART by

Sending out broadcasts tweets to your family and extended friends to be models for you or your pears to gain assessments

Approach people on your everyday travels with your specific needs

Enquire at the style zone for additional sessions for maximum assessment opportunity

Book your reception duties ASAP so the unit can be signed off

Use city and guilds revision tasks when preparing for exams in order for maximum results

Arising

If you are considering in progressing onto level 3 hairdressing or any other course in the college you are required to adhere to the colleges minimum target grade of 87% attendance, so my advice to you is to attend every session if you would like to see yourself enrolled on a course in September 2012!

Mehmet attends regularly to classes both theory and practical lessons, we have agreed on the areas needing to improve which he needs to works hard to improve on those ares of weakness during the past weeks he has improved on his practicals and i believe it will help him when we start clients in the practical sessions as he will be ready for the coming assessments.

Mehmet will need to start revising on unit GH9 GH8 in preparation for coming exams self motivation in both theory and practical lessons as he does not stay focus in class also needs to reed more on his subject.

Mehmet is a lovely, polite person who respects his peers very much, has a very good and positive personality in challenging situations, his a joy to teach.

Review: He had started very poorly lack of enthusiasm and gladly it has turned for the better but with extreme results were as he is now rushing things and making mistakes he need not make. He needs to listen more and with less haste. he is currently working on H7 he is finding the cutting of uniform layer cut challenging as all the students are but he is getting on with it in class but like him to ask for help more. I have spoken to him that homework is an essential part of the course. Overall he is doing well just needs to practise in his own time. Of very recent times his graduation cutting has improved vastly and is showing great promise of the skills of a barber.
