The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review:

Attendance 100%

Punctuality 98.82%

You have excellent attendance, well done. You are gaining in confidence and work well with others. you work hard and complete set tasks but need to ask for clarification when you do not understand something. Often you are very quiet and will only contribute when directly questioned.

Speaking and listening - you are generally accurate in your speaking but need to listen carefully for specific information. For the exam, briefly note the question and focus on the specific information for the answer. Listen to the news and identify the main points.

Reading - in the last mock test you scored 56% and in the real exam this would be below pass. You need to read text text identify the main points. In the exam read the question and scan text for the specific information.

Writing - you are gaining confidence and generally your writing is improving. You need to proof read and check your writing for grammar, spelling and punctuation before submitting. Your spelling is improving but you need to remember not to mix capitals and lower case in your writing.
