The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Jay, please do try and commit yourself to the course. You know there have been issues and the best way to enjoy and learn is to make good bonds with your teachers and peers. There have been too many incidents this term and we must work together to erradicate them. Please do think about this and weill pick it up after Xmas

Smart Targets:

Jay needs to produce 2 songs by Xmas. So far he has started well and I am sure that he will succeed, however he must stay focussed if he is to get the best from himself. This will require him to not have his phone on in class..

FS: Jay has set himslef a target of less talking in class, especially with Josh.

Smart Targets:

The level 1 Creative Media course is designed to equip learners with a variety of skills in video production, music technology and graphic design, whilst encourage learners to develop their understanding of creative media job roles and media knowledge. In addition to this, learners are to attend functional skills classes to improve upon basic numeracy, literacy and ICT.

Comments:

So far learners have completed an induction activity whereby they learnt about the creative media sectors and job roles. Learners are currently working in small group to film a trailer for a specific genre and to target a specific audience.

J has an issue with authority. He constantly challenges his teachers and never realises his mistakes or takes responsibility for them. He is incredibly difficult in class and and is unable to take constructive criticism to improve his work. He has had numerous confrontations with peers and teachers alike. In order for him to complete this course he must be able to show respect for students and staff as we are there to help him.

Sabina Narayanan.
