The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review Term: Autumn/Spring/Summer

Review:

Ali is a reserved member of the group who displays a quiet interest in the subject and participates in practical work with enthusiasm. Earlier Ali's results were very good but, more recently, he has allowed his standards to drop slightly, and this is reflected in his practical work. The general quality of his written work has been consistently very good, both in terms of content and presentation. I would like to see him make more effort to avoid being distracted during lessons. He should also try to take a more active part in practical investigations to improve his confidence in this area. Overall, a good first term just need to to improve attendance and remember to call into College if you can not attend.

Review:
Ali, you are working extremely well in the functional skills lessons and I am very impressed with your attitude and participation in the lessons. If you find some of the language used during the lesson hard to understand please do not hesitate to ask for more confirmation. You are progressing very well and look forward to a similar level of participation and activity in the 2012 upto your Functional skills exams in May 2012.
