#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments:

Mariah's attendance and punctuality needs improving and her overall enthusiasm to work needs to shine through more. In Mariah's Print-Based Media sessions she had to research what the magazine industries are about and how they research into target audiences for their products. Mariah then had to produce her own research and make a magazine cover based on this. Mariah's work has been satisfactory as her sketchbook is well presented and demonstrates some knowledge of the print-based media industries. Mariah has worked well on her magazine cover and handled Adobe Photoshop software confidently and competently. Mariah now needs to begin taking on board all lessons and improve her written work to the standards of her practical because she is a very bright student with a positive attitude and should be aiming for the higher grades that she is capable of.
