Focus on class work.

Smart Targets:

Identify a health and social care topic to research for your level 2
presentation during the winter break. Read 2 articles about a relevant
topic. (Should be from a reputable source e.g. Broadsheet or news
website.)

Anthony has potential to work very well in English and has the ability to succeed. He started out very positively at the start of term and is capable of making very good contributions in lessons.

Comments:

Don't let other students or external factors effect your ability to succeed. You need to focus more on individual tasks. If you finish class work I am happy to provide other English tasks for you.
