### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

# Review Term: Autumn Review: Attendance 98.21% Punctuality 98.18% You have completed 1 workskills assignment and 1 must be completed by 9th January. Well done with maintaining a good attendance throughout your course. Speaking and listening - You are on track to achieve but you also need to develop skills for note taking when listening for specific information Your reading and writing is improving. In the last mock test for reading you scored 88%. Well done. Your writing is generally strong at E3 but you now need to use paragraphs to structure your writing, group ideas and sequence the order of events. Issues Raised:

Review Term: Spring

Review:

Attendance 90.66%

Punctuality 98.14%

Dylan has been absent for a week due to health reasons but prior to this he has had excellent attendance

Dylan is a very good student who is very able and gets on well with all learners and teachers alike. He is mature for his age and usually works hard in lessons.

He is an able student who picks new things up quickly however there are times when he gets distracted by other students too much.

He has completed 3 units in EDEXCEL workskills.

He will need to work hard in all his lessons to complete all of the Edexcel Personal & Social Development Units within the deadline. I am confident that with continued effort he will have no difficulty to pass the Entry Speaking and Listening exams in April.
