- 91% to 87% is amber status
- 86% and below is red status

#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets: Produce work in your free time

Frederico, you are a very able student and have produced all the work asked

for. However, you need to push yourself more in terms of improving the

Comments: quality of your work. You will need to come up with ideas that are taken from

your visual research so make sure you select your research well, in terms of

colour, pattern, motif and design.

Smart Targets: Start taking notes and show them to me after each lesson

Comments:

Frederico is finding this unit hard going . He needs to learn ,note taking and to listen more. He is at risk of falling behind and needs to see me about this. He has shown some improvement this term and there is less messing about but this still needs to improve .Jim Jack.
