#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Claire is working towards entry level 2 in functional maths. She has participated enthusiastically in all numeracy topics taught n the class and as a result has grown in confidence, illustrating a much more consistent understanding of the concepts involved. She has made good progress in interpreting word problems and using right operations like subtraction, addition, division and multiplication for calculations. David Augustine.
