The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Michael it is time to get ready for the electrical wiring lighting assessment which I think you will have no problem with. Your work load in the workshop is good and you turn out good qaulity work, well done. Tony Antoniou.

Keep taking notes which you are very good at. You will need these so much

to help you with the Unit 103 on-line exam which i am entering your group to

sit just before the christmas break.

You seem to have settled well into the group after a delayed start. You are

getting on well with theory. I also have no problem with your practical work,

you are getting on very well with it. Well done, keep up the good work. Just

keep an eye on your attendance and punctuality.

Gary Waldon.
