#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

**Smart Targets:** 

In art and craft classes the students develop design ideas for Logos for carrier bags. They have found ideas by looking at the internet but then made their own unique designs. These were transferred to fabric using tracing paper and a light box. They also used old egg boxes to make paper-mashie sheets to glue onto wine coasters and notebooks. The mats were then decorated with dried flowers, leaves and beads.

Comments:

The class have been learning and visiting places in London and made a map showing some of the landmarks and other significant sites. They have searched on the internet details of places of interest to visit like markets, galleries and have learnt to use maps and directories to find their way around.

Shadow did make logos and bags in the art class but finds art in general boring and would much prefer to do literacy, maths and bricklaying classes which is what he feels he needs. He enjoys going out in the community but lack of funds makes this too expensive for him so he instead studies in the library catching up with literacy. Sometime he was reluctant to participate in the art class but is now being more compliant with the staff.
