The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Comments:

George we need to get the nerves out of the way when you do a practicall assessment. The way you over complicated the lighting assessment showed me that this is affecting you making you work harder than you need to.

Tony Antoniou.

George, you are a very able learner with good reports all round. Just make sure you are on the ball with your maths lesson and get a higher grade exam than the one you get entered for. Tony Antoniou.
