The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Your target is to take care with the subject/verb agreement 'to be'. For

example:

The street is very crowded. (singular noun and verb)

Smart Targets: The streets are very crowded. (plural noun and verb)

Please look at BBC skills wise, English/words/grammar/verb/ subject agreement. Over the next few weeks try to work your way through the factsheet, games, quizzes and worksheets. Speak to me if you are having any difficulties with this target and bring me in some of your completed sheets

each week so that I can monitor your progress.

Gullu's attendance and punctuality is excellent, she completes all homework

and gives her very best during every lesson.
