The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Bernice has been making some good music when she is in and has contributed to some recording however we do need her to put more effort in with the other students if she is to improve and pass the course. I hope that she can try to enjoy working with other people. There are excellent people in the group who she can learn from. I do understand that small steps are required, but please Bernice have a go, you will enjoy it!

Smart Targets:

Attend all lessons and when you are struggling with sessions talk to any of the

tutors so we can organise tasks and set targets with you.

Comments:

The level 1 Creative Media course is designed to equip learners with a variety of skills in video production, music technology and graphic design, whilst encourage learners to develop their understanding of creative media job roles and media knowledge. In addition to this, learners are to attend functional skills classes to improve upon basic numeracy, literacy and ICT.

So far learners have completed an induction activity whereby they learnt about the creative media sectors and job roles. Learners are currently working in small group to film a trailer for a specific genre and to target a specific audience.

Bernice needs to improve her attendance to ensure she does not keep falling behind with tasks. Bernice is a very creative and bright individual, she comes up with great ideas and when she does do the work it is usually very good. At present Bernice has come up with a great idea for a TV advert that demonstrates her creativity and I cannot wait to see the final outcome.

For ICT Bernice has missed too many lessons and really does need to attend so I can fully assess her ability to pass and work on areas that need improving.

Review Term: Autumn

Review: Bernice has made very good progress in the past 2 weeks where she is beginning to talk more in class and is consequently growing with confidence in her contribution.

I am pleased that she is enjoying her studies more and hopefully this will continue. She is very talented and particularly shows a keen interest and skill for drawing and computer Games development and roll play.
