The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets: Speed up work and focus during lessons

Comments:

Jelani did not produce the body of work I know he is capable of for this unit. Its a pity, he seemed a little distracted and his final grade reflected that fact.

Jelani, at the beginning of this unit your work showed promise, your drawing skills were excellent and you had some good design ideas. However, along the way you became a llittle distracted and the pace of your work slowed down. I know you are one of the more abled students in your group, so you must begin to organise and develop you work to the high level that fits your

standard.

Tutor Review

Comments / Reference / Targets

Review Term: Autumn/

Review: Jelani is a motivated student who is showing good progress, except maybe in textiles where i believe he needs to show more enthusiasm. Otherwise well done and keep up the mostly good work

Issues Raised:

Jim Jack.

Review Term: Spring

Review: Jalani is a talented student who sometimes lets himself down by being distracted by other members of the group. His attendence is a bit hit and miss, this effects the amount of work he can produce . He is still on track to pass the course but mayby with a lower grade than he could achive
