The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets:

Review a wide variety of editing techniques and try to replicate what you see in your own edited trailer.

Comments:

The level 1 Creative Media course is designed to equip learners with a variety of skills in video production, music technology and graphic design, whilst encourage learners to develop their understanding of creative media job roles and media knowledge. In addition to this, learners are to attend functional skills classes to improve upon basic numeracy, literacy and ICT.

So far learners have completed an induction activity whereby they learnt about the creative media sectors and job roles. Learners are currently working in small group to film a trailer for a specific genre and to target a specific audience.

Charlie's attendance and punctuality is excellent. Charlie works very hard and always completes work on time and to a very good standard. At present Charlie is working on a group trailer, they have just finished filming and will now begin editing. For the editing process Charlie will need to review a wide variety of editing techniques used in trailers and replicate this in his own work as this will help him achieve a professional look.

In ICT Charlie excels and works very hard to complete tasks set. If he continues to attend all lessons and develop his skills he will be able to pass the exam.

Charlie has made a great start to his course of study and has settled into the group very quickly. He always makes good contributions in class and has the ability to work independently and stretch himself. I have been particularly impressed with his abundance of ideas and committment in following them through. he has almost finished his units for me (early) and is exhibiting the same keeness with his other lecturers. Well done! Keep it up!
