As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Smart Targets:

The quality of your assignment work needs to be reviewed. You are putting in plenty of effort for each question but not obtaining the grades. For every assignment view the Student Check list, look at your notes and also read the syllabus requirements so that you know what is needed for each question and your efforts are not wasted.
