- 91% to 87% is amber status
- 86% and below is red status

The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Look at your bksb diagnostic results print out and complete the first of the **Smart Targets:**

paper based resources exercises. Make sure you show all working out. Print

off the results and bring them to your class.

Comments:

We have been doing work involving place value, multiplying, dividing, subtracting and dividing. We have also looked at calculations to do with time in various formats. You has coped with the work and shown an understanding of when to use the different calculation methods. You need to show all of your working out to gain full marks.

Review Term: Autumn/Spring/Summer

Review:

Issues Raised:

Your hand writing was not to the required standard but now thatyou are aware of this you have shown improvement in this area - now lower case and upper case no longer look the same.

You have successfully completed Unit 035 Cutting Bending and Threading Conduit. There were many new challenges but you overcame them and completed the task well done. You have coped well with the tasks you were given in Maths which were to do with solving problems using multiplication, division, addition and subtraction. In English you worked on spelling, reading and writing. In reading you looked at persuasive texts such as you would find in advertising. In writing you learnt about sentences and punctuation. You also took part in discussions as part of Speaking and Listening. You joined the class late but have kept up with the work. Well done.

Review Term: Autumn/Spring/Summer

Review: Salih you have worked hard this term especially on your maths and english. You must keep concentrating on improving your handwriting as it is one on the things that are holding you back. Keep attending your ALS classes and things will improve even though the progress is slow. You must also keep using your Keyskills4u.com account and the VLE maths resources in the ezone. You did very well in your practical classes and completed your electrical unit to the standard required, even though you found it quite difficult to master some of the tools. Well done. You are making progress keep working hard.
