The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

The students have been learning how to read drawings and diagrams. They have been shown how to transfer details and measurments to work. Also they have been learning how to recognise different carpentry hand tools and how to look after them aswell as use them safely. They have been toldthe importance of working safely in the workshop.

Liam is a quiet but friendly member of the group, he displays some interest but needs motivating to get him to work on his own steam. Liam can produce some good work, but can get confused when he doesn't listen to instructions carefully enough. He should try to take a more active part in practical investigations to improve his confidence in this area. Overall, a good first year.

Comments / Reference / Targets

Review Term: Autumn

Review: Liam has reasonable attendance but it could improve. He is quiet in class and does not often contribute verbally though I am aware he is interested in construction.

Issues Raised: Liam could take a slightly more active part in class discussion

Damian McGeary.

Review Term: Autumn/Spring/Summer

Review:

Issues Raised:

Liam is a friendly member of the group who displays considerable interest in the subject and participates well in classwork. He is building up his construction knowledge quite well with a number of further assignments compleded. The general quality of his written work has been improving recently, both in terms of content and presentation. Liam needs to continue to work towards gaining good assignment marks and producing a good quality project for the remainder of the course. Liam will be able to achieve the Diploma in Construction with continued hard work, I hope he applies himself sufficiently for the remainder of the year. Damian McGeary.

Review Term: Autumn/Spring/Summer

Review: Liam has settled into the group and has shown good use of hand skills in the workshop, he has completed 3 training tasks and shows good awareness of H&S. In theory he has nearly completed Unit CC1001K and will sit the online end of unit questions in the next couple of weeks
