- 91% to 87% is amber status
- 86% and below is red status

The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Subject Targets

Smart Targets: To work with a different learner every week

Comments:

Wilfred punctuality and attendance is very good. Wilfred's concentration can vary depnding on the day. He loves working on the computer an can focus long enough to do a short task. He loses focus after a while and needs a break before tryign a new task. With lots of prompting and encouragement he can stay on task until it is finished. smile

The learners have been working towards completing their unit: - Out and About E1. The unit consists of going out into the community and observing what facilities are in our community.

The learners have visited two local post offices, West Green Road and Broad Lane. The learners have also visited a bank and the Walthamstow market. Each visit has photographic evidence. The learners go out alternate weeks, the week they don't go out they complete feedback of their visit in class.

Wilfred always participates in all the activities, when using the community. I have noticed a mature change in his behaviour. Wilfred will notify a member of staff if something is not right. He forgot his bus pass and when we got to the bus stop he told the staff he did not have his pass. Wilfred told his one to one he wanted to buy a book, from Wheatstone bookshop, and he did not want to eat anything. Well done Wilfred, keep up your communication skills.

I will work with Chris on my functional skills and ICT tasks before I do my

personal computing

Well done Wilf, you have worked very well with Chris on tasks such as typing

labels, reading books and completing your ICT qualification.

For your ICT qualification you researched 3 websites and put the information into a powerpoint show. You showed your powerpoint show and watched

other people's shows.

Your next work will be linked to numbers. Your functional skills will improve if you do some maths online games before you go onto other computer sites.

Comments / Reference / Targets

Review Term: Autumn

Review:

Wilfred's attendance and puctuality are excellent. He enjoys practical activities and does well in them. Such as jewellery making, sports and recycling activities.

Wilfred is now taking himself to the vending machine or the shop in the canteen to buy water or tea at lunch times.

He is able to express himself and identify when he needs to be in a guiet environment.

In general, he seems to enjoy coming to college and his social skills is getting better among his peers.

Issues Raised:

Wilfred will continue to work on his concentration and to try new things.

Anna Maria Raco.

Review Term: Spring

Review:

Wilfred's attendance and punctuality is very good.

Wilfred has made very good progress and he has produced very good work in most classes.

In ICT and Basic Skills Wilfred has worked very well with Chris on tasks such as typing labels, reading books and completing ICT qualification.

In the Investigating the Community Wilfred seems to enjoy going out and he participates in all activities.

In the Art class Wilfred when he sits down he does his work and he seems to enjoy the art class.

In Sport class Wilfred participates in most activities with an initial prompt.

Overall he does well and he has become more communicative and responds to questions with less promptings.

Issues Raised:
