#### The Learner Review Procedure

Each learner will have met with their Personal Tutor for a 1 to 1 review to discuss the progress they are making at college and any specific support they may require to help them achieve their targets and qualification.

As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review Term: Autumn

Review: Tutor review/construction theory

#### Issues Raised:

Siwan is a reserved member of the group who displays a quiet interest in the subject and usually participates well. He is developing a good general construction knowledge and is usually willing to share his ideas with the rest of the class during discussion. Written work has been rather variable - sometimes detailed and carefully presented; but sometimes only just adequate. I would like to see him put more consistent effort into his classwork. Overall, a reasonable start so far.

Review Term: Spring

Review: Siwan is a valuable member of the group he quietly gets on with his work, and is very good with the tools turning out some excellent work. he also has a very good attendance. Siwan should do well in anything he puts his mind to

Issues Raised:

#### Allan Jones.

Siwan is a reserved member of the group who displays a quiet interest in the subject and participates well in classwork. Overall, Siwan has put in a somewhat erratic performance. He has been a decent and sensible student but some of the work has proved difficult. He must do all he can to make up lost ground by devoting all his energies in the remaining months to completing his coursework assignments. I would like him to succeed but he will really have to make the necessary effort.

Damian McGeary.

Review Term: Autumn

Review: You have started to produce assessed work towards Unit 5. You must maintain a high standard of classwork and assessed work to pass this unit.

You have also started the practical unit.

If you produce work of the standard you are capable of then you will be able to achieve the course qualification, however you must concentrate fully during class when topics are being taught, and seek help if you do not fully understand any topics.

Issues Raised: Siwan must ask for help if he is no sure of any new words or phrases, and he must ensure his assessed work is accurate.
