As part of the review each Subject Lecturer completes a report and then the Personal Tutor summaries these in the Personal Tutor Summary. Targets are then set for each learner.

Review Term: Autumn
Review:
Shamir, you are working well in your functional skills lessons but you need to concentrate more and stop spending too much of your time chatting and messing about when there is still work to do. We need to work together to get you to a standard to be able to pass your functional skills maths exams in May 2012 which, if you can reduce the amount of time chatting and messing about is a very achievable target.

Review: Shamir your work and progression upto this point has been very good and you are a pleasure to teach in both workshops and classrooms as long as you can limit your chatting during the lessons. You have the ability to go a long way and achieve the higher qualifications you are capable of completing so reduce the chat and keep up the good work ethic and progression onto next years course should be an easy one. Well done
